To Whom It May Concern

This is to confirm we employed Kesford (Hong Kong) Limited ["Kesford"] to carry out waterproofing work for the expansion joint on the 1/F driveway between Block 1 and Block 2 of Tins Centre, 3 Hung Cheung Road, Tuen Mun, New Territories. The work involved application of polyurea membrane system along the surface of the expansion joint.

We have found Kesford to be professional and responsible in carrying out the work, which was completed in November 2010. We have not received any more complaints of leakages from the said expansion joint since then. Furthermore, in the course of work, Kesford was cooperative and accommodating in minimizing any interruption to the operations of our centre.

Should you need any further information, please feel free to contact us.

Yours sincerely,

TIN, Wing Sin (Mr.)
Director
